Baltimore, MD 21234

Cloth Care Tips

1. Rinse the cloth well before using.
2. The cloth works best when you wring it out thoroughly, damp cloths work best.
3. Hand wash with liquid dish detergent. It can also be machine washed and bleached if necessary.
4. When machine washing, be aware the cloth may pick up lint from other fabrics.
5. If you machine dry **DO NOT** use fabric sheets. Hanging to dry is best.
6. **Do not use fabric softeners or fabric sheets** as they will lessen the ability of the cloth to work properly.
7. If you have any question, please call us at 410-444-2033 local or toll free at 877-373-3050, or email us at anytime at streakfreeproducts@comcast.net.
